LEGISLATIVE HISTORIES

The 1997 Montana Legislature dramatically changed the nature of legislative minutes. This altered format continues with the 1999 legislative minutes. The minutes from House committees are extremely sparse in content, offering no substantive information from which to glean legislative intent. The Senate committees' minutes are fuller in content.

Exhibits, which include written statements, attendent information, roll call votes, roll call attendance, a list of those from the public who were present, and specific action taken on legislative bills, will be available only through the Historical Society Archives, 444-4774, and from a CD-ROM produced by the Legislative Services Division, 444-3064.

Just as in the 1997 legislative session, the 1999 House and Senate committee hearings were recorded. For information on accessing the tapes, or purchasing them, contact the Archives, 444-4774.

If you have concerns over the format of these legislative minutes, it is suggested that you contact your state legislators.

ASSUMPTIONS:

1. The Department of Commerce, Montana Lottery, has no information available that would identify a fiscal impact related to SB0106. The proposed legislation does not change the taxing of lottery winners, but adds language in the law that makes the current practice clearer.

HEARING ON SB 106

Sponsor: **SENATOR PETE EKEGREN, SD 44, CHOTEAU**

Proponents: **Gene Walborn, Department of Revenue**

Opponents: **None**

Opening Statement by Sponsor:

SEN. PETE EKEGREN, SD 44, Choteau, introduced **SB 106** as a bill that clarifies that the proceeds from a winning lottery ticket purchased in Montana are considered income earned in Montana and therefore subject to Montana individual income tax. Currently Montana law is not clear regarding the taxation of Montana lottery winnings in the cases where the winner has moved out of the state after winning the lottery. He said the advantage of this legislation is that it provides clarification of the statute at issue and should prevent further litigation. There is no fiscal impact associated with the proposed legislation, but may save in the costs of litigation.

Proponents' Testimony:

Gene Walborn, Department of Revenue, reiterated what **SEN. EKEGREN** said about the bill simply being a clarification of the current law and current practice of taxing lottery winnings. He said that in 1993 the Legislature passed a policy and intent in 15-32-46 to clarify that lottery winnings proceeds would be taxed as a Montana source of income. Just recently the Montana Supreme Court found that these proceeds should be taxed as income for residents and nonresidents. The issue was that the winner bought the ticket and was awarded the winnings here in Montana and then moved out of state. They were contending that their annual payment was not Montana income. The Montana Supreme Court agreed with the Department of Revenue that it is Montana income. This bill in Section 1 clarifies Montana lottery winnings and defines how that applies to residents and nonresidents, and then Section 2 actually spells out for a nonresident that income derived from Montana lottery winnings is considered income earned in Montana.

Opponents' Testimony: None

Questions from the Committee and Responses:

SEN. GLASER asked whether, when a person is driving through the state and buys a lottery ticket and wins, no matter what the amount, that is considered taxable income from Montana, and **Mr. Walborn** responded that it is.

CHAIRMAN DEVLIN then asked if a person wins in Montana but lives in Oregon, what keeps that person from getting taxed twice, from each state, on those earnings. **Mr. Walborn** stated that that person would receive credit for paying taxes in another state. He also said that 10% of it is withheld by the Montana Lottery who manages those payments. **CHAIRMAN DEVLIN** then asked how it is handled if a person living in Montana has won in another state.

Brian Smith, Department of Revenue, responded that if a person wins in another state and that state is withholding, the person will receive credit for taxes paid in another state when he files in Montana.

SEN. ELLIS then asked **Mr. Smith** whether the multi-state lottos allows the various states to withhold from winnings also. **Mr. Smith** said that they do. In those cases, it works like a franchise and Montana actually handles the paperwork. **SEN. ELLIS** asked if it was a multi-state lottery winner that was involved in the Montana Supreme Court case, and **Mr. Smith** responded that that was correct.

SEN. GLASER asked at what amount Montana starts collecting on winnings and how it is policed. **Mr. Smith** said that Montana has a voluntary compliance tax system, and expects that taxpayers will report their income. He said the major purpose of this bill is, when dealing with large lottery proceeds, anything that may be paid in annuity or a large lump sum payment, the Montana Lottery does withhold tax on that payment. **SEN. GLASER** asked if a person is able to write off gambling losses, and **Mr. Smith** replied that you can deduct those losses but only to the amount of your winnings.

SEN. EKEGREN had no closing statement.

HEARING ON SB 109

Sponsor: SENATOR ALVIN ELLIS JR., SD 12, RED LODGE

Proponents: Gene Walborn, Department of Revenue
Mike Strand, Montana Independent Telecommunication Systems
Geoff Feiss, Montana Telecommunication Association

Opponents: None

Opening Statement by Sponsor:

SEN. ALVIN ELLIS JR., SD 12, Red Lodge, introduced **SB 109** as an act changing the due date for the report and payment of telephone company license tax. He said the purpose of this proposal is to enhance customer service by simplifying tax forms and payments and to facilitate the administration of several taxes by providing for a consolidated tax reporting and remittance form for several closely related taxes. **SEN. ELLIS** said that the

Discussion:

CHAIRMAN DEVLIN reminded the committee that these situations of accelerated payments put an additional $1 million into the first year, but then that does not appear in the second year and causes problems. **Terry Johnson, Legislative Fiscal Division,** interjected that the telephone license tax is one of the taxes that goes through an accrual process. He said he believes the fiscal note is inaccurate in that the $1 million would not be there because under current processes, those revenues are accrued, even though the cash hasn't physically been received by the state. He said that in his opinion the only impact that you might have would be a small amount of additional interest earnings that would be collected from the acceleration of the taxes for a one-month time period. He further explained that the telephone license tax that is due June 30 actually doesn't show up until 60 days later under current law, but under current accounting practices, the revenues are accrued. In other words, they are booked as if they have been received.

CHAIRMAN DEVLIN asked that the sponsor of the bill be provided the information on that situation and what that interest amount might be, and **Mr. Johnson** said he would be glad to provide that.

SEN. ELLIS said he had asked **Mr. Smith** whether this tax was paid quarterly, and since it is, it was his opinion that therefore the interest impact affected the industry four times a year. The actual effect to both the industry and the state, especially inasmuch as this is accrual, is the interest on the money. The companies don't have it for 30 days and the state does. **Mr. Smith** explained that this tax is paid every calendar quarter. Currently it must be paid 60 days after the close of the calendar quarter. The proposed legislation says that it would be paid 30 days after the close of the calendar quarter, so there is an interest impact there. But also, it is essentially only the
